Important Update Regarding COVID-19

The Chico Unified School District will be utilizing the new Aeries Parent Portal powered by ParentSquare to help automate student and classroom notifications on campus.

What You Can Expect:

- Notification that your student has been identified as a close contact.
- Notifications will be sent via a secure document, identifying student who was a close contact.
- Notification will provide quarantine options per CDPH guidelines.
- Parents will receive a letter requesting parent to identify their quarantine preference.
- Students who participate in Modified Quarantine will have the ability to perform daily wellness checks from ParentSquare app.

The notification process will continue to evolve as we receive input from our families.

Please refer to the following links for more information:

Counselor's Corner:

As Ms. G. finished the Unit on Zones of Regulation this week, we will be entering into the first Bullying Unit, as October is **National Bullying Awareness Month**. We will once again visit the unit in February, as we prepare for Pink Shirt Day. The first unit includes:

- **Resilience** – how to develop emotional maturity and positive social skills
- **Golden Rule** – The power to end bullying
- **Verbal Insults** – the best way to handle
- **Rumors** – starve rumors to extinguish them

Fridays are school spirit days.
Put on those Parkview shirt
and wear them with pride!

Books & Bundts Youth Reading Program

Reading at any early age enriches children's brains, increases vocabulary and test scores, introduces readers to the world around them and helps develop imagination. Each month, from October 1 to March 31, students who read 400+ minutes can earn a free bundtlet from Nothing Bundt Cakes. It's easy, free and delicious. Be on the lookout for our flyer and reading log coming home with your student.
